# Experienced and Proven

- We differ from our competitors because we give all customers digital images and a print release which allows them to download the images and print them wherever they like or order our low-cost prints on our website. This also allows them to share images with family and on social networks i.e. Facebook.
- Our team consists of an administrative assistant and several photographers. We have a large team because our goal is to keep the lines moving fast so guests can spend less time in line and more time enjoying the ball.
- We are BBB accredited as “Wallflower Wedding Photography” and have an A+ rating.

## Our Fee

We charge a \$300.00 fee for our services for all military balls with less than 1000 guests.

This fee is charged for the following reasons:

- 1) It allows us to keep our package costs to \$20.00 which we think is a fair price for lower enlisted Soldiers.
- 2) It defrays the cost of the candid images which we give to all guests for free.
- 3) On average only 1/3 or less of all guests get professional portraits nowadays due to smartphones. This ensures we can still be a viable business for guests who want professional images.

## Our Fee

Our fee can be paid in check, cash, or on our payment website at:

<https://squareup.com/market/wallflower-wedding-photography>

The fee is not due until the night of the event when we arrive and set-up.
